her cold. Mary is in bed
from probably overdoing.
Griff called this A.M.

I have gone over a cover
of Amelanchier for T.R.C.
who brought them over
Frid. yesterday.

This evening I went in
to Symphony Hall & met
A.S. Sprague and never en-
joyed more a Symphony
Concert. Tschekowsky's
"Konrad" Symphony was exqui-
site. Percy Grainger's perfor-
mance on the piano in Saint-
Saëns Concerto No. 2, 9 minor, Op. 22
was beyond anything I can con-
ceive of. His delicacy of touch
and his execution were mar-

Mr. Hampden, Mr. Greene,
Mr. Sauter, Miss Morgan
Miss Harrison & Miss Sara
Haden, our guests from the
Walter Hampden com-
pany. We had supper
at 2 long tables in an attrac-
tive room & sat by Sara
Haden. Had a very nice time.
Miss Morgan recited from Henry

Clear, rather windy, chilly.

The physical difficulties in my case seem to be clearing up in both directions.

The main trouble now seems to be that I can't rest more than often but one hour, sometimes two (and some more during the day) at night before waking and being obliged to rise. This retards my sleep and wears me very, very much. I trust it will regulate itself. With called this A.M. & George this P.M. They are very kind.

I have had a few clothes on and have sat some in the study. I have begun Anna C. F. Allen's "Strange Disappearance" Council meeting this evening at E. F. Williams'. Also Venus, Mars, Jupiter, Saturn this evening. Hope for a good night.

 This Am. I walked over to
 the Gray Hb. & gave R.H.R.
 all the papers I had con-
 cerning the celebration of
 the 75th birthday of Dr. Vining.
 They were very acceptable.

I met Prof. Mills pay to and
 he will lunch with me
 on Thursday. Good talk.

Then Lakeside took me
 to Howard Sq. & ran
 on the walk home.

This morning I walked
to Harvard Sq., bought &
stamped our money to Libar.
R. Trust and looked at my
deed for my house.

Eleanor Brown came to
lunch and we had a
lovely time. She is a
nice girl.

Then I took a nap, and
afterwards worked on
my tax paper & Shakespeare
records.

At about 7 P.M. I had a
call fr. A. B. Seymour. He
came on his bicycle & we talked
some 1/2 hr. He was bright.

Later I called on
the Moritts. To my surprise
Mrs. M. starts to-morrow
for France. The Moritts were
saying good-bye to them.
I had a good talk with
Prof. M. He is most interesting.

for the last part of his life
at a large Sanatorium.
At their request I called in
the P.M. at Ned's & saw Ned & his
wife. Ned showed me Will's
face, calm. The body was in a
room in the 2^d story.

At 2.30 I went to the
funeral of Ned Kant's wife
at Christ Church. Beautiful
service & music. Poor Ned,
all the Wednesday there except
Bathelmer, Tansie & Goodale.

This evening I went over by

MISS HELEN E. DAY OF CAMBRIDGE

She Had Been a Leader in Missionary Work of the Shepard Memorial Church and Vice President of the Cambridge Y. W. C. A.

Miss Helen E. Day, for more than a score of years a resident of Cambridge, where she had made her home at 43 Langdon street, died there suddenly early this morning, from cerebral hemorrhage. Miss Day appeared to be perfectly well on Tuesday, throughout the day and up to a late hour in the evening, when she was suddenly stricken.

She was born in New Hampshire and lived in that State until coming to Cambridge twenty-one years ago. She was deeply interested in her church, the Shepard Memorial in Cambridge, and had worked faithfully for its various missionary societies, including that for the home missions as well as for foreign missions and she had been active in the work carried on as the "paper missionary" and for the past year the head of this work, which undertakes the collection and distribution of papers and magazines for men in military and lumber camps. She was a worker, also, in behalf of the Cambridge Young Women's Christian Association, of which she was the vice president.

Miss Day is survived, of her immediately family, by two sisters, Mrs. Leavitt, wife of Rev. Burke F. Leavitt of East Boston, and Miss Mary A. Day, who has resided with her sister.

A PIONEER BOSTON SUFFRAGIST

Mrs. Anna K. (Morse) Channing, the Wife of Dr. Walter Channing of Brookline, Was the Daughter of the Late Henry D. Morse, Artist, Ornithologist and Inventor of the Modern Method of Diamond Cutting

Mrs. Anna K. (Morse) Channing, wife of Dr. Walter Channing, the noted alienist and head of the Channing Sanitarium in Brookline died on Thursday at their home in that town, following a short illness. She was born in Boston, the daughter of Henry D. and Elizabeth (Hayden) Morse. Her father, Mr. Morse, was an intimate friend and hunting companion of Daniel Webster's and was also a well-known ornithologist, and a painter of large numbers of pictures of birds and of animals. Among these pictures is one of "Old Abe," an eagle which became famous as the mascot accompanying a Wisconsin regiment throughout the Civil War. The picture was made for a Boston woman who later donated it to the collection in the Old South Meeting House, where it may be viewed today. Mrs. Channing's father also introduced the modern method of

diamond cutting as it is used today and is known as the "Morse Cut." For many years he was a member of the firm of Crosby, Morse & Foss, which later became known as Morse & Foss, continuing until recently the business as dealers in fine gems.

Mrs. Channing was educated in private schools of this city and spent her earlier life in Roxbury and in Jamaica Plain, living in Brookline since her marriage. She was one of the first ardent woman suffragists in this community and had held various offices in their organization. Her work brought her the acquaintance and friendship of many well-known women interested in this cause, among them Mrs. Pankhurst and her daughter, Miss Sylvia Pankhurst, who stopped at her home during their visit to the United States.

Mrs. Channing for many years had been a member of the Church of the Disciples in this city. Surviving her, besides her husband, are three sons, Walter Channing, Jr., of Dover, who is a Boston real estate dealer; Henry M. Channing, a lawyer of Sherborn, and Hayden Channing, a banker, who resides in Bernardsville, N. J.; also surviving are two daughters, Mrs. Barbara Gregg, who is the wife of Dr. Donald Gregg of Wellesley, and Mrs. Rosalie Rivers, the wife of Robert W. Rivers of Brookline. Mrs. Channing was a niece of the late Edwin D. Hayden of Woburn, who was vice president of the Boston & Albany Railroad.

DR. WALTER CHANNING DEAD

Distinguished in Medical Science, He Was
Widely Known as an Alienist of Excep-
tional Ability and Had Occupied a
Leading Position in the Medical World

Dr. Walter Channing, for nearly fifty years a specialist in the treatment of nervous and mental diseases, died on Wednesday at his home in Brookline, where his wife, Anna R. Channing, died less than two weeks ago.

He was born in Concord on April 24, 1849, and was the eldest son of William Ellery Channing, the Concord poet, and was a great-nephew of William Ellery Channing, a founder of American Unitarianism.

CASH ACCOUNT. SEPTEMBER 20

Walter Channing's mother, Ellen Kilshaw Fuller, daughter of Hon. Timothy Fuller and sister of Margaret Fuller (Countess Ossoli), died when he was seven years old and from that time he lived much with his grandfather, Walter Channing, who was a Boston physician and dean of the Harvard Medical School. He lived, too, in the family of Colonel Thomas Wentworth Higginson, who was his cousin and his uncle by marriage, as well, and also lived in the family of Richard F. Fuller, the Boston lawyer.

The great-grandfather of Dr. Channing, William Channing, who rendered distinguished service as attorney general of Rhode Island, married a daughter of William Ellery, a Rhode Island signer of the Declaration of Independence.

Dr. Channing was educated at the Chauncy Hall School, Massachusetts Institute of Technology, College of Physicians and Surgeons in New York, also the Harvard Medical School (M. D., 1872), and the Massachusetts General Hospital, as an interne, as well as in Vienna. He then served as assistant physician of the Asylum for Insane Criminals, New York, and as first assistant physician of the Insane Hospital at Danvers. His knowledge of a branch of medical science then unpopular with physicians, and in which little progress had been made, became known in a comparatively short time.

In 1879 he opened a "hospital," as it was then called, in Brookline, which he carried on during the rest of his life. In 1916 Dr. Channing built in Wellesley a new sanitarium, in which he was able to carry into effect many ideas which he had formulated, as to the proper treatment of curable cases.

In addition to his work as consultant, Dr. Channing frequently testified in court cases as an alienist. One of his early appearances as an expert witness was in the trial of Guiteau, the assassin of President

Dr. Channing read many papers and he contributed to the various medical journals a large number of articles on quite varied subjects. For some years

<p>He was professor of mental diseases of Tufts College Medical School, and from that college received the degree of LL.D. Clark University made him Honorary Scholar and Honorary Fellow.</p>		
<p>He was a founder and the first president of the Boston Society for Psychiatry and Neurology, and had served as president of the Norfolk District Medical Society, as vice president of the Boston Medical Library Association and on the Council of the American Neurological Association. He was a member also of the corporation of the Massachusetts School for Feeble-Minded, an honorary member of the Association of Institutions for the Feeble-Minded, a member of the American Medical Association, Massachusetts Medical Society, American Medico-Psychological Association, New England Society of Psychiatry, Boston Medical Improvement Society, American Association of Physical Education, Massachusetts Prison Association and the National Conference of Charities.</p>		
<p>Dr. Channing's study of mental and nervous cases led him to believe that many people could have been entirely cured by proper treatment in the early stages, yet who were allowed to become incurably insane. To better this state of affairs, Dr. Channing first became a founder, and from 1896 to 1904, chief of the department for mental diseases of the Boston Dispensary. He then engaged in an active campaign for the establishment by the Commonwealth of an institution to which persons showing signs of mental disorder could be sent for observation and temporary treatment. The efforts of Dr. Channing and others who worked with him at last were successful, and the State Psychopathic Hospital in Boston became a reality, in 1912, and the results achieved were most gratifying to him and those who coöperated with him.</p>		

CASH ACCOUNT. OCTOBER.

1 Although the State institutions for the insane were in general satisfactory, Dr. Channing felt keenly the inferiority of the Suffolk County hospitals in which were housed the Boston insane. As it seemed impossible to improve conditions, under the existing system, Dr. Channing conducted a long fight to bring the very large number of insane from Boston under State control. The effort succeeded and the law was enacted. The governor appointed Dr. Channing, in 1908, chairman of the board of trustees of the Boston State Hospital. For the next six years most of his time was devoted to the work of organization, reorganization and the obtaining of immediate legislation, required to effect the difficult transfer of such a large number of insane to the new and better conditions.

In other interests, Dr. Channing acted as trustee of the Wrentham State School for Feeble-Minded, during its early stages (1906-1908). He was also consulting physician for the Boston Children's Aid Society and of the State Asylum for Insane Criminals.

Impressed with the importance of proper physical training for growing children and young people, he induced the town of Brookline to build a fine public swimming bath and later a municipal gymnasium, acting as chairman of the committee from 1898 to 1910. In other local affairs his principal interest was in the public schools. He served actively on the Brookline school board for fifteen years, during which much of the progress was made which placed the Brookline schools practically among the leading public schools of the United States.

Dr. Channing was a Unitarian in his religious affiliations, belonging to the First Parish Church in Brookline. At one time he was president of the First Parish Club, and at another time was president of the Unitarian Club, Boston. Interested in music, he was for some years a trustee of the New England Conservatory of Music.

DR. WALTER CHANNING BURIED

Services at Church of Disciples Are Conducted by Rev. Abraham M. Rihbany, Followed by Interment in Walnut Hills Cemetery

Dr. Walter Channing was buried this forenoon from the Church of the Disciples in the Back Bay, and the attendance included a number of professional associates, members of societies and clubs and family friends.

The services were conducted by Rev. Abraham M. Rihbany, minister of this church, who read the scriptures and offered prayer. The music was in charge of Everett J. Harrington, the organist of the church. He played as a prelude the Chopin "Funeral March," "Lead, Kindly Light," in the middle of the service, and at the close Handel's Dead March from "Saul." Two hymns, "O God, Our Help in Ages Past" and "In the Cause of Christ I Glory" were sung by the congregation.

There were no honorary pallbearers, but serving as ushers were nine friends of Dr. Channing. These were: Lindsley Loring, Chilton Cabot, Dr. J. D. Barney, Dr. John W. Bartol, Dr. James B. Ayer, Judge Frederick P. Cabot, Arthur B. Little, Willard Fuller and Frederick A. Eustis. The body was taken to Walnut Hills Cemetery for interment in the family lot, where Mrs. Channing was buried a few weeks ago.

JOSEPH DORR, HARVARD '83

Was a Retired Boston Business Man and Had Taken a Prominent Part in the Social Life of Harvard College

Joseph Dorr, a prominent retired business man of this city, died today at his apartment in the Hotel Charlesgate, 535 Beacon street, following a brief illness, at the age of sixty years. He was born on May 21, 1861, in Boston, a son of Joseph and Caroline (Humphrey) Dorr, the former a descendant of Jonathan Dorr, who was an early settler in Roxbury. Mr. Dorr prepared for college at the old Hopkinton School on Chestnut street, and was graduated from Harvard in the class of 1883. Following his graduation, Mr. Dorr was

associated for several years with his father in the stock and bond business, retiring about thirty years ago.

He was a member of the Harvard Club and for many years had taken an active part in the affairs of the Harvard Alumni Chorus. Mr. Dorr was well known among Harvard men especially, for his ability as a yodler. Until two years ago it had been his custom on each Commencement day to entertain with this talent with the singers who gather on the campus. At Harvard he was a member also of the Institute of 1770, of the Zeta Psi, and of the A. D. Club.

Surviving Mr. Dorr are two daughters, Mrs. William Eustis Russell (Josephine Swift Dorr) of 362 Commonwealth avenue, and Mrs. Ralph Harrington Dorne (Katherine Dorr) of 57 Mount Vernon street; also a brother, Benjamin Humphrey Dorr, who is a Boston real estate dealer, and a sister, Mrs. Harry H. Gay (Caroline L. Dorr) both of whom make their home at the Hotel Charlesgate. Mr. Dorr's wife was Josephine Swift of Chicago. Mrs. Dorr died in January, 1919.
